

Jonathan Black

Dr. Black is an Associate Professor of Plastic Surgery and Pediatrics at the University of Virginia School of Medicine. After completing his undergraduate and medical degrees at the University of Nebraska, he followed in both his father's and grandfather's footsteps into plastic surgery, and completed residency in plastic surgery at the University of Virginia. After his Craniofacial fellowship in Milwaukee, Dr. Black returned to UVA and is currently the residency program director and director of the head shape clinic in coordination with Neurosurgery. Dr. Black's primary clinical focuses including cleft lip/palate, craniosynostosis, facial trauma, facial feminization, and migraine surgery.
